

Keeping our Community Clean!

2nd litter pick

Socially distancing volunteers preparing for the Foulden litter picking adventure on 15th August!

The Foulden, Mordington and Lamberton Community Council (FMLCC) completed its second group litter pick on Saturday, 12th September.

14 cheery socially distanced volunteers turned out on a chilly but sunny morning and picked along the A6105; from the Mordington border post to the Burnbank crossroads.

You can see from the picture below we didn't fill as many bags as last time but again there were a few interesting items.

(on the next page)

The volunteers would like to remind everyone that we live in a beautiful part of the country and to ask drivers please not to throw litter out of their vehicles. Within the day volunteers found more rubbish at the layby.

Look out for future films stars as <https://www.seathechange.org.uk/> will be producing a video of the pick as part of "Keep Scotland Beautiful".

The organised litter picking groups will now cease until spring 2021. In the meantime a number of pick sticks and equipment were passed to some of the volunteers who will check there areas for litter themselves until the new year when we hope to start the litter picking groups again.
